# All of Us at Colomeadow Farms.....

want to extend an invitation to you to be with us September 29th, for our 15th Anniversary Sale, whether you intend to make an investment or just see some good Shorthorn cattle. We haven't sold many cattle since our January, 1959 sale, so we are in a position to divide our herd at this time.

We are in the Shorthorn business for two reasons: 1st, because we like it and secondly, for the age-old tradition of American Business, to show a profit over the past 15 years. Our experience has been that the better we could make them, the more profit we realized.

If you have a place to put a good female where she has plenty of forage, I doubt that there is a better investment today.

Our cattle are a clean, working cow herd and backed by an absolute satisfaction guarantee. If we have a dissatisfied customer, we don't know it and that is the way we want to keep it.

Both of our sons, Ronnie and Connie Bob, love the Shorthorn business. Because of this, Colomeadow Shorthorn we hope, will have a long and successful future.

I would like to introduce you to our new daughter-in-law since June 12th, Mary Ann (Mrs. Ronnie Shuman), a great asset to our enthusiastic Shorthorn Family.

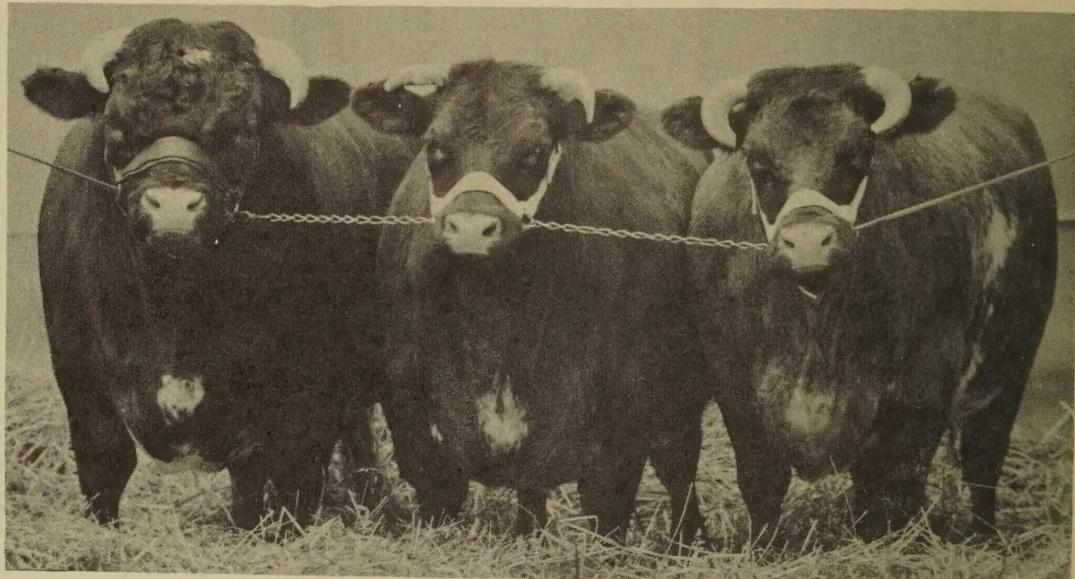

We would also like to pay tribute to a great cattleman, Bill Cruickshank, who did so much to develop the grand herd of cattle at Ringwell that has contributed so much to the present Colomeadow herd.

The footnotes in this catalog are facts that we think you will want to know. You be the judge.

Many times our visitors have told us "this is the best herd of cattle we have seen on our trip." For this, we are proud, but we think it sounds better coming from you. We hope you enjoy your visit at our sale and want you to come again.

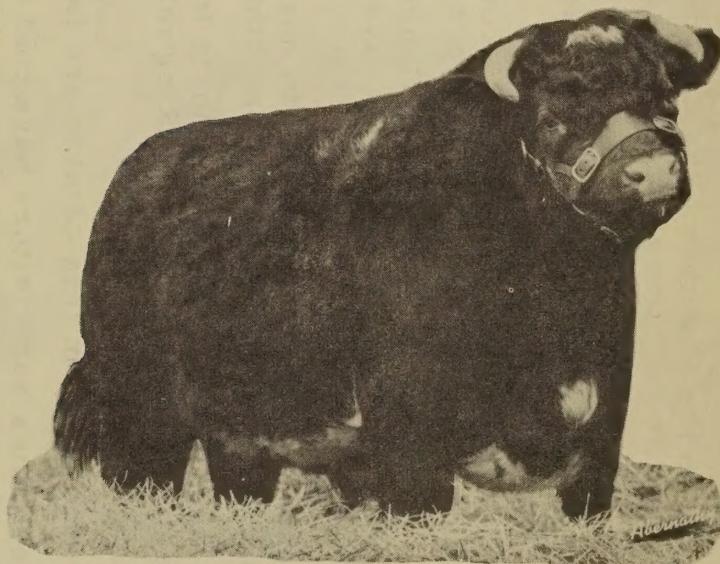

John F. Shuman

*The past . . . is important to your future.*

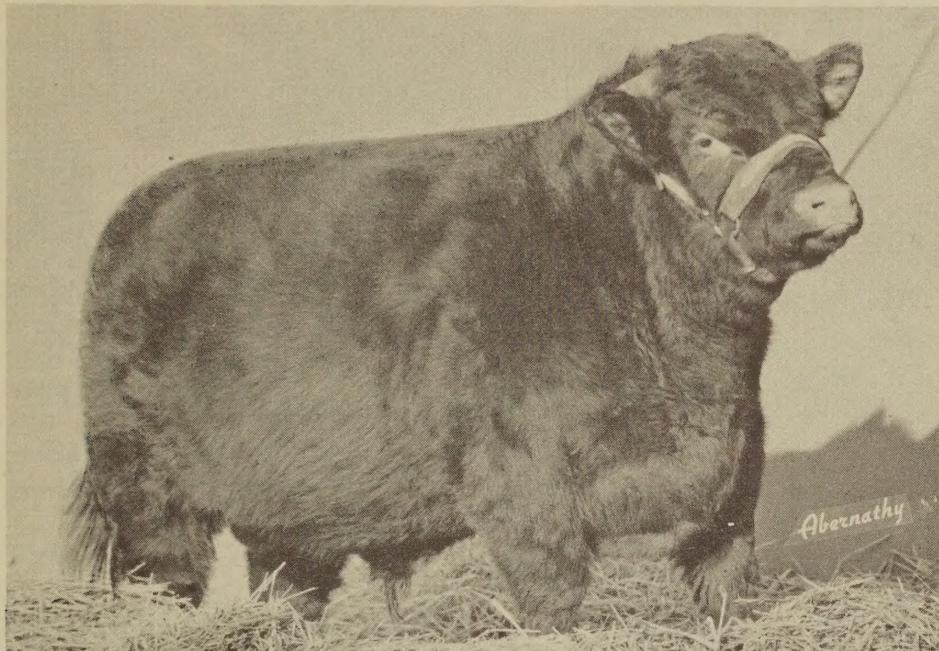

Beaufort Orange Talisman (right) with her two International supreme champion offspring. The bull is Ringwell Lodestar, the 1954 International champion, while the heifer in the center is Ringwell Orange Talisman, the 1953 International champion.

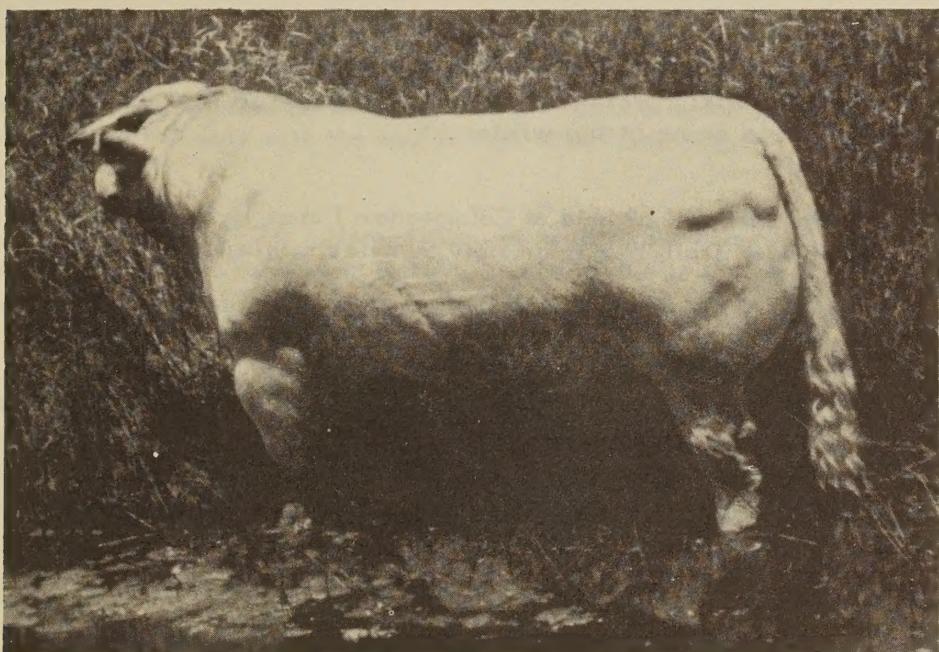

John Shuman purchased all three of the above with the entire Ringwell herd in 1957. The bull, Ringwell Lodestar, was sold very shortly thereafter for \$10,000 to the University of Kentucky.

He started the "Lodestar Line" for John Shuman that has become famous for . . . size, substance, smoothness, excellent heads and perfection of feet and legs.

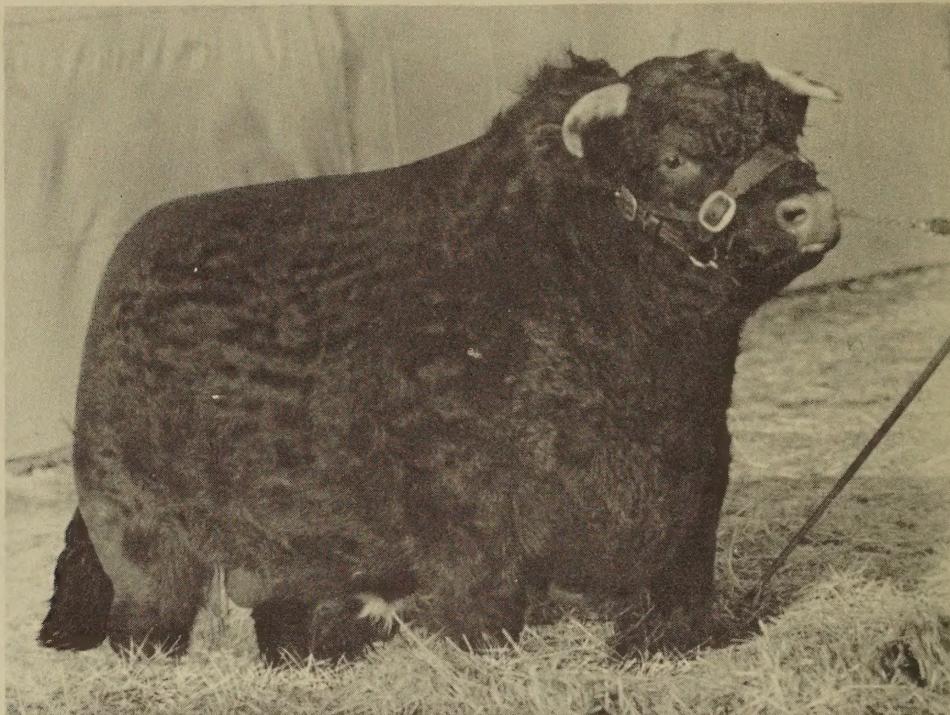

He was purchased in the 1953 International Congress Sale after he had been a first prize senior bull calf in the open class at the Chicago International. He is by the famous "all-American Favorite," Edellyn Royal Leader 114th. Clear Creek Royal Leader was reserve champion bull at the 1954 Ft. Worth Stock Show. He has contributed a lot of smoothness and balance to Colomeadow Shorthorns.

The greatest breeding son of the 1954 Chicago International grand champion, Ringwell Lodestar. He has been a consistent sire of meaty, smooth beefy shorthorns, and has been one of the big reasons why Lodestar breeding has been continuously gaining in prestige at major shows and top shorthorn sales for the past several years. He is now owned jointly with Willard Hartley, of Brewster, Kansas.

**MARELLBAR CONFESSOR** - reserve senior champion 1960 Western Stock Show and a member of the first prize pair of yearlings at the 1958 International Livestock show in Chicago.

**Here is What John Blume Had to Say About Marellbar Confessor.**

"In siring the 1961 Fort Worth grand champion bull, Colomeadow Control, Marellbar Confessor has come through as I knew he would. I sincerely believe he is about as near being the right kind of bull as any bull in the breed today. We never owned a cow that we could have had more faith in or proved a better investment than his dam, Rosewood Belle. She cost us \$3,750 and also produced Marellbar Prefix, as well as Marellbar Rosewood, an International reserve grand champion female."

MARELLBAR CONFESSOR -- Here is certainly one of the great bulls we have ever owned and probably ever hope to own. He was reserve senior champion at Denver and sired the 1961 Fort Worth grand champion bull, Colomeadow Control. His sire, Helmar Purvis 361, sired the top selling female in the Marellbar Dispersion Sale and he is by the \$22,000 Cruggleton Purvis. He is ably represented by his young sons and daughters and service in this sale and when we talk about red meat cattle all we have to do is point out his young sons and daughters and you know what we mean. They are thick, deep and smooth with full quarters and they have lots of style, too.

# 15th ANNIVERSARY SALE

COLOMEADOW TALISMAN 2d - by Ringwell Lodestar 2d, grand champion female 1961 Denver Stock Show.

John Shuman has kept pace with the changes in the beef cattle business because in the past fifteen years it was clear to him that to be a leader, his shorthorns must be efficient cattle with size, muscleing and milking ability. He has cooperated with the Colorado Beef Cattle Improvement Association where he has been a leader in all breeds in increasing weanling weights, size and scale of cow herd, and maintaining a high ranking herd bull battery. Neither has he sacrificed quality for only a year ago at Denver he had the grand champion female, reserve grand champion bull and bred the champion Shorthorn steer of the Junior Show.

John has also proved that he is dedicated to the improvement of the breed. He made a great step forward with the purchase of the entire Ringwell Herd in 1957. He has continued to keep moving ahead and his present herd bull battery being used on one of the top quality brood cow herds in America would indicate that the word at Colomeadow is go! go! go!

It was my pleasure to know John Shuman before he bought his first Shorthorns. We met him when he was looking at the steer shows to see what kind of animals were winning. This was at a time when Hereford men in his territory were selling bulls for \$50,000 a piece. As a breed he felt that Shorthorns were better than any of the others., and after buying a Shorthorn heifer for his oldest son in 1946 he began in earnest to build the present herd the following year. His first bull was Marellbar Courageous. This proved to be a wise choice as right from the start Colomeadow Shorthorns began moving up the ladder.

It is a pleasure to recommend this sale offering to all of our Shorthorn friends everywhere and we will look forward to seeing you at the Colomeadow Ranch near Deer Trail on September 29th.

COLOMEADOW BALLISTIC -- Reserve grand champion at the 1962 Western Shorthorn Assoc. Field Day. Here is my idea of a modern beef bull. Full of muscle and red meat. I don't expect everyone to agree because we're going through a change from fat to edible meat and change doesn't come easy for some people. This bull was born with bulging muscle and not fat, and there is a difference. Handle him sale day and note the firmness that denotes muscling and red meat. We would like to reserve the right to show him at the winter shows.

# 15th ANNIVERSARY SALE

A group of replacement heifers, many of which will find their way into the Colomedow Farms breeding herd.

Photographed on pasture in August, 1962.

It was after observing top steer shows all over America that John Shuman decided 15 years ago that the Shorthorn breed offered the greatest possibility for the production of top quality beef on the hoof. He has long been a supporter of 4-H and FFA projects and young men and women who have fed Shuman-bred Shorthorns have had outstanding success throughout the middle west in the nation's strongest shows. Here is Connie Bob Shuman pictured with one of his Phoenix winners.

Colomeadow Shorthorns will donate a registered heifer calf that will be sold with the entire proceeds donated to the American Shorthorn Association Foundation fund.
